

ASSESSMENT TASK NOTIFICATION

	<p>SUBJECT: Mathematics</p> <p>YEAR GROUP: 8</p> <p>TASK TITLE: Term Three Topic Test</p>	<p>_____</p> <p>Student Name</p> <p>Submitted To:</p> <p>_____</p>
---	--	--

Name of Unit:	Term Three Topic Test			
Type of Task:	Test			
Due Date:	Term:	3	Week:	9
Weight:	40%			

OUTCOMES ASSESSED	<p>MA4-12MG calculates the perimeters of plane shapes and the circumferences of circles</p> <p>MA4-13MG uses formulas to calculate the areas of quadrilaterals and circles, and converts between units of area</p> <p>MA4-14MG uses formulas to calculate the volumes of prisms and cylinders, and converts between units of volume</p> <p>MA4-16MG applies Pythagoras' theorem to calculate side lengths in right-angled triangles, and solves related problems</p> <p>MA4-18MG identifies and uses angle relationships, including those related to transversals on sets of parallel lines</p> <p>MA4-17MG classifies, describes and uses the properties of triangles and quadrilaterals, and determines congruent triangles to find unknown side lengths and angles</p>
--------------------------	---

DESCRIPTION OF ACTIVITIES
<ul style="list-style-type: none"> It is a requirement for all students in Year 8 to complete the Term Three Topic Test If a student is absent on the date above, they will be required to complete an Illness and Misadventure Form. This form can be downloaded from the school website. Students will also need to attach a Doctor's certificate to the form and report to Ms Wilks (Teaching and Learning Coordinator- Mathematics) the day they return to school. Students must be prepared to complete the task immediately upon their return to school. It is the student's responsibility to prepare for the task. Calculators must be supplied by the student. NO CALCULATORS will be supplied to students on the day of the examination. If students fail to comply with the above, parents will be contacted. This may result in a Warning Letter home to parents. The Term Three Topic Test will be 1 Period in length. Students will answer questions pertaining to the topics listed above. Questions may be in the form of Multiple Choice, True/False and Worked Answers. Student must show all working when required. Multiple Choice and True/False do not require working to be shown. The questions for the task will be structured in the school's "A", "B" and "C" format with "A" being easier and the "C" being the most difficult.
