<b>Name of Unit:</b>	Term Three Topic Test			
<b>Type of Task:</b>	Test			
<b>Due Date:</b>	Term:	3	Week:	9
<b>Weight:</b>				

<b>OUTCOMES ASSESSED</b>	<p>MA5.1-6NA determines the midpoint, gradient and length of an interval, and graphs linear relationships</p> <p>MA5.2-9NA uses the gradient-intercept form to interpret and graph linear relationships</p> <p>MA5.2-5NA recognises direct and indirect proportion, and solves problems involving direct proportion</p> <p>MA5.2-8NA develop efficient strategies for numerical calculation, recognise patterns, describe relationships and apply algebraic techniques and generalisation</p> <p>MA5.3-7NA develop efficient strategies for numerical calculation, recognise patterns, describe relationships and apply algebraic techniques and generalisation</p> <p>MA5.3-8NA develop efficient strategies for numerical calculation, recognise patterns, describe relationships and apply algebraic techniques and generalisation</p> <p>MA5.1-7NA graphs simple non-linear relationships</p> <p>MA5.2-10NA connects algebraic and graphical representations of simple non-linear relationships</p> <p>MA5.3-9NA sketches and interprets a variety of non-linear relationships</p>
--------------------------	--

### DESCRIPTION OF ACTIVITIES

- It is a requirement for all students in Year 10 to complete the Term Three Topic Test
- If a student is absent on the date above, they will be required to complete an Illness and Misadventure Form. This form can be downloaded from the school website. Students will also need to attach a Doctor's certificate to the form and report to Ms Wilks (Teaching and Learning Coordinator- Mathematics) the day they return to school.
- Students must be prepared to complete the task immediately upon their return to school.
- It is the student's responsibility to prepare for the task. Calculators must be supplied by the student. NO CALCULATORS will be supplied to students on the day of the examination.
- If students fail to comply with the above, parents will be contacted. This may result in a Warning Letter home to parents.
- The Term Three Topic Test will be 1 Period in length. Students will answer questions pertaining to the topics listed above. Questions may be in the form on Multiple Choice, True/False and Worked Answers. Student must show all working when required. Multiple Choice and True/False do not require working to be shown. The questions for the task will be structured in the school's "A", "B" and "C" format with "A" being easier and the "C" being the most difficult.
